### RELAXATION · THERAPEUTIC

60/90 min - \$145/215

Relax with a light pressure massage or allow our therapists to focus on areas that require deeper work with medium to firm pressure. *Enhance your treatment with a massage candle for an additional \$20.*

### RIVER STONE

60/90 min - \$155/225

Radiating heat from basalt river stones along with herb infused oils allows the melting of aches and pains while encouraging circulation within the lymphatic system, aiding in self-healing.

### STICKS & STONES

90 min - \$225

Warm stones made of natural basalt gathered in South America and handmade Birchwood sticks from Germany are used to focus on pressure points in this unique deep tissue massage, helping ease away muscle tension.

### HERBAL COMPRESS

60/90 min - \$165/235

Choose from a selection of aromatic muslin parcels of herbal blends, which are heated and used to exfoliate the skin while improving circulation and leaving skin wonderfully moisturized.

*Prenatal Massage, Body Treatments & Facials available upon request.*

### POST SIGNATURE FACIAL

*90 min - \$385*

The ultimate anti-aging facial treatment designed to lift, firm, and tone the skin, providing immediate clinically driven results. This high-performance facial combines the safe resurfacing power of HydraFacial, the plumping and hydrating serums of Intraceuticals Oxygen infusion, and a collagen stimulating red LED light therapy, leaving the skin feeling light and balanced.

### POST CLINICAL TRIO

*120 min - \$485*

This age defying facial combines three cutting edge technologies for those looking to smooth and replenish skin. The cleansing refinement of HydraFacial safely resurfaces the skin providing a uniform exfoliation in preparation for a connective tissue growth factor serum infused deep into the epidermis with a Nanopen nanoneedling process. Finish with the deeply hydrating Intraceuticals oxygen.

### HYDRAFACIAL

*30/60/90 min \$155/225/315*

HydraFacial is the only hydradermabrasion procedure that combines cleansing, exfoliation, and painless vortex extraction in one treatment with instant surface refinement. Fine lines and pores are minimized while antioxidants, hyaluronic acid and peptides are infused into the skin. Protective nutrients and LED light therapy leaves skin refreshed and plumped with no discomfort or downtime.

*Customize your treatment with an additional targeted serum.*

*Britenol to minimize dark spots \$55*

*Dermabuilder to minimize signs of aging \$55*

*Regen for an entire face peptide rejuvenation \$80*

### INTRACEUTICALS OXYGEN FACIAL

*60/90 min - \$190/275*

This cool, calming facial significantly accelerates the absorption of hydrating hyaluronic acid, vitamins, and nutrients into the skin. The 3-step hyaluronic layering process increases firmness and provides an immediate improvement in your skin's texture for unmatched hydration and lasting results.

## *Natural Skincare Luxuries*
